

An estimate of enrolment in private schools in the Province of Manitoba, for the years 1982 to 1987 inclusive, has been prepared by the Department of Education. The intention of the estimate is to provide some indication of the direction and magnitude of future enrolment fluctuations, in order to facilitate planning of financial requirements.

The estimates should only be considered in conjunction with the assumptions under which they were prepared.

The enrolment figures for 1981 represent the number of pupils who were actually attending private schools on September 30, 1981, as submitted by the principal of each private school.

The enrolment figures for 1982 to 1987 represent the estimated number of pupils expected to be attending private schools on September 30 of each year.

The estimate was based, primarily, on historical enrolment trends. Additional information regarding future plans for expansion was provided by the private schools and incorporated into the estimates.

In order to maintain some consistency throughout the six year estimate period, 1982 to 1987, the opening of new private schools and closures of existing private schools were not considered.

TOTAL PRIVATE SCHOOL ENROLMENT IN MANITOBA  
FROM 1982 - 1987

| YEAR  | ENROLMENT |
|-------|-----------|
| 1963  | 10,816    |
| 1964  | 10,260    |
